PRODUCT #5501

PLATE CLEANER

DESCRIPTION

Good cleaning, safe to use emulsion type plate cleaner, for use anywhere for metal plate cleaning and plate protection. This cleaning/protection action combines the best features of solvent cleaning and gum protection layers for non-image areas. Product has a high flash point and a low V.O.C. rating.

FEATURES AND USAGE

Formulated for all metal plates and protects the image area. Desensitizes the background as it cleans. Removes minor surface scratches, ink and gum streaks, and oxidation spots. Can also be used to clean chrome rollers and back cylinders.

TECHNICAL GUIDANCE

POSCO is happy to provide its customers with technical guidance in the use of its products in solving problems encountered by the pressman in any kind of printing operation, anywhere. Please call and ask for technical assistance.

DIRECTIONS

Apply product to a clean wipe or sponge and wipe down the problem area on the plate. Start up press and watch the quick, clean roll up.

BENEFITS

- Cuts ink quickly
- Protects image
- Save plates from minor scratches and blinding
- Fast acting
- Low V.O.C. rating
