PRODUCT #5502

PLATE CLEANER

DESCRIPTION

Very strong, fast acting alkaline based plate cleaner for use anywhere metal plate cleaning is done. Very rapid removal of ink with a product that has a very low V.O.C. rating.

FEATURES AND USAGE

Quickly removes semi-dried ink, oxidation spots, gum streaks and minor scratches from non-image areas of metal offset plates. It also helps to restore the printability of stored plates that do not roll up clean.

TECHNICAL GUIDANCE

POSCO is happy to provide its customers with technical guidance in the use of its products in solving problems encountered by the pressman in any kind of printing operation, anywhere. Please call and ask for technical assistance.

DIRECTIONS

1. Apply product to a clean wipe or sponge and wipe down the problem area on the plate.
2. Water wash the whole plate and restart press and look forward to a clean roll up.

BENEFITS

- Very strong
- Rapid results
- Save plates and time
- Very low V.O.C. rating
