

TECH SHEET ROLLER LUBE-N-CLEAN

PRODUCT #7323

DESCRIPTION

A whipped cream type of paste used on idle rollers to lubricate and clean where no ink is being run.

PRODUCT ADVANTAGES

- Extends Roller life to save money
- Zero V.O.C. (Volatile Organic Compounds)
- Simultaneously cleans and lubricates rollers
- Non-Flammable
- Non-Toxic
- Will not harm plates of blankets
- UV Safe
- Prevents frictional heat damage on rollers

DIRECTIONS

Wipe on any rollers that will be idle during press runs. Also on the ends of active rollers where no ink is being run. Clean off with blanket and/or roller wash.

SAFETY MEASURES

Wear gloves and safety glasses. Keep from freezing or excessive heat. Keep container closed while not in use. Read Material Safety Data Sheet prior to use and for first aid if necessary.

PHYSICAL CHARACTERISTICS

Appearance: Whipped Butter Consistency (Soft Solid)

Color: Light Brown

Odor: Minimal

Specific Gravity: 1.38

Flash Point: >150°C

pH: 7.0-7.5

Water Solubility: Not Soluble

Container Size: 2.1LB / 0.95 Kilograms

Case Size: 12 Jars
